

The Central West Region Initiative to Increase Safeguards for Adults Who Are Vulnerable to Abuse and Neglect wishes to announce the launch of a new website.... www.vulnerableadultscwr.org

This initiative has been working to increase awareness and understanding of the issue of abuse / neglect involving adults with developmental disabilities. The website was created to further this work and has focused messages for self advocates, service providers, and the general public.

For further information please contact Gail Jones at gjones@kerrysplace.org
